2025 MRSC ROSTERS SMALL PUBLIC WORKS, CONSUL- TANT, and VENDOR ROSTERS FOR PARTICIPATING WASHINGTON STATE GOVERNMENT AGENCIES LOCATED IN WESTERN WASHINGTON

The Municipal Research and Services Center of Washington (MRSC) hereby advertises on behalf of the below listed government agencies in Washington State in Western Washington (Whatcom, Skagit, San Juan, Island, Snohomish, King, Pierce, and Thurston counties), including - but not limited to - cities (Title 35 RCW and Title 35A RCW), counties (Title 36 RCW), port districts (Title 53 RCW), water-sewer districts (Title 57 RCW), irrigation districts (Title 83 RCW), school districts and educational service districts (Title 28A RCW), fire districts (Title 52 RCW), transit agencies (e.g., Ch. 35.58 RCW, Ch. 36.57A RCW, Ch. 36.73 RCW, Title 81 RCW), public utility districts (Title 54 RCW), and state agencies (Ch. 39.04 RCW), for their projected needs for small public works, and for consulting services throughout 2025. Additionally, MRSC advertises on behalf of some local governments for their projected needs for vendor services throughout 2025. Interested businesses may apply at any time by visiting the MRSC Rosters website at www.mrscrosters.org. For questions about MRSC Rosters, email mrscrosters@mrsc.org.

Some or all of the listed government agencies may choose to use the MRSC Rosters service to select businesses. Master contracts for certain types of work may be required. **SMALL PUBLIC WORKS ROSTERS:** Service categories include construction, building, renovation, remodeling, alteration, repair, or improvement of real property as referenced in RCW 39.04.152. Sub-categories can be viewed on the MRSC Rosters website. **CONSULTANT ROSTERS:** Service categories include architectural, engineering, and surveying services as referenced in Chapter 39.80 RCW, as well as other personal and professional consulting services. Sub-categories can be viewed on the MRSC Rosters website.

VENDOR ROSTERS: Service categories include supplies, materials, and equipment not being purchased in connection with public works contracts and limited service contracts as referenced in RCW 39.04.190. Subcategories can be viewed on the MRSC Rosters website.

A list of currently subscribing government agencies that have their Small Works Roster, Consultant Roster, and Vendor Roster hosted by MRSC Rosters can be found at <https://www.mrsc-rosters.org/participating-agencies> or by contacting the MRSC Rosters Program Coordinator at 206-625-1300 ext. 14.

New government agencies may join at any time. The list reflects current active agencies.

Superior Court of Washington, County of PIERCE In re: Petitioner/s (person/s who started this case): Judith Graham Lenford And Respondent/s (other party/ parties): Cordez DuJuan Mullen No. 25-4-00267-8 Summons Served by Publication (SMPB) Summons Served by Publication To (other party's name/s): Cordez DuJuan Mullen I have started a court case by filing a petition. The name of the Petition is: Judith Graham-Lenford You must respond in writing if you want the court to consider your side. Deadline! Your Response must be filed and served within 60 days of the date this Summons is published: April 30, 2025. If you do not file and serve your Response or a Notice of Appearance by the deadline: • No one has to notify you about other hearings in this case, and • The court may approve the requests in the Petition without hearing your side (called a default judgment). Follow these steps: 1. Read the Petition and any other documents that were filed at court with this Summons. Those documents explain what the other party is asking for. 2. Fill out a Response on this form (check the Response that matches the Petition): [x] Other Guardianship. You can get the Response form and other forms you may need at: • The Washington State Courts' website: www.courts.wa.gov/forms • Washington LawHelp: www.washingtonlawhelp.org, or • The Superior Court Clerk's office or county law library (for a fee). 3. Serve (give) a copy of your Response to the person who filed this Summons at the address below, and to any other parties. You may use certified mail with return receipt requested. For more information on how to serve, read Superior Court Civil Rule 5. 4. File your original Response with the court clerk at this address: Superior Court Clerk, Pierce County 930 Tacoma Ave. S. Tacoma, WA 98402 5. Lawyer not required: It is a good idea to talk to a lawyer, but you may file and serve your Response without one. Person filing the Summons or his/her lawyer fills out below: /s/ Judith Graham-Lenford Date 2-10-25 I agree to accept legal papers for this case at (check one): 10423 Rainier Ridge Blvd J302 Puyallup, WA 98374 (If this address changes before the case ends, you must notify all parties and the court in writing. You may use the Notice of Address Change form (FL All Family 120). You must also update your Confidential information Form (FL All Family 001) if this case involves parentage or child support.) Note: You and the other party/ies may agree to accept legal papers by email under Superior Court Civil Rule 5 and local court rules. This Summons is issued according to Rule 4.1 of the Superior Court Civil Rules of the state of Washington. Published in the Dispatch April 30, May 7, 14, 21, 28 & June 4, 2025

CITY OF PUYALLUP

REQUEST FOR QUALIFICATIONS INFORMATION PACKET CIP #14-060: East Main Deer Creek Culvert Replacement Submittal Due Date: June 23rd, 2025

GENERAL SCOPE:

The City of Puyallup ("City") is requesting Statements of Qualifications (SOQ) to provide consulting, and engineering services for the East Main Deer Creek Culvert Replacement Project. All services are to be performed or supervised by persons appropriately licensed or registered under state laws governing the practice of engineering and surveying. Consultants should also have a minimum of five (5) years of design experience. Consultants must be experienced in culvert replacement projects on arterial roadways, habitat restoration, utility relocation and coordination, right-of-way acquisition, stream assessments, environmental permitting, site survey, geotechnical investigations, stormwater mitigation, the preparation of construction drawings, bid specifications, construction cost estimates, and developing right of way acquisitions plans. Consultants should also be familiar with WSDOT Standard Specifications, City of Puyallup Engineering and Construction Standards, 2019 Stormwater Management Manual for Western Washington (SWMMWW), and Puyallup Municipal Code (PMC).

PROFESSIONAL SERVICES REQUIRED:

The City is requesting assistance completing an alternatives analysis by developing four planning level alternatives, including an existing conditions alternative for a baseline comparison, to select a path forward for the East Main Deer Creek Culvert Replacement Project. The selected alternative will be based on a weighted matrix developed by the consultant and should consider: environmental impacts, traffic impacts, permitting requirements, property acquisition, private property impacts, cost, fish passage, benefit to existing and future habitat, water quality, operations and

maintenance, utility relocations (private and public), upstream and downstream impacts, and hydraulic capacity. Preliminary sizing of a fish passage culvert for this location indicates that the culvert needs to be approximately 30 feet wide. Two preliminary options have been identified that will be incorporated into this analysis. The first option is the construction of the 30-foot-wide culvert from the current pipe inlet location to the culvert outlet, roughly 300 feet. The second option is the construction of the culvert under E Main Ave, and then extending the creek channel on the upstream end of the culvert from the existing culvert inlet to the road edge. Both of these options will require the City to either purchase the land impacted by the culvert extension or create easements for accessing this land. The study should include an evaluation of the level of effort to gain access to the needed land and existing property rights based on existing recorded utility easements.

Following the selection of an alternative, the selected Consultant will develop a 30% design deliverable of the proposed culvert replacement. The 30% design can be expected to include a site survey, a geotechnical investigation, stream assessment by a qualified biologist, cultural resources review and exploration, cost estimate, right-of-way acquisition plan preparation and estimating, utility accommodation and planning, structural wall design, stormwater mitigation meeting the 2019 SWMMWW, and roadway restoration.

The alternatives analysis is anticipated to begin in August 2025 and is desired to be completed February 2026. The 30% design deliverable is desired to be completed December 2026.

The selected consultant may be selected to continue working on future phases of the project. This may include grant writing and submission assistance, property acquisition in accordance with the Uniform Relocation Act, environmental permitting and planning (SEPA/NEPA), construction management, 60% design deliverable, 90% design deliverable, 100% bid ready deliverable, all deliverables consisting of a full PS&E package. SOQ SUBMITTAL REQUIREMENTS:

Consultants must submit one (1) electronic copy (PDF) of their Statements of Qualifications in an email titled "Consultant Name - East Main Deer Creek Culvert Replacement SOQ" Consultants are encouraged to submit concise and clear responses to the Request for Qualifications. Responses of excessive length or complexity are discouraged. Statements of Qualifications should be limited to ten (10) 8 ½" x 11" single-sided pages, including cover letter and resumes (cover page not included in page count), with font size no smaller than 10-point Times New Roman.

The SOQ's will be reviewed by a selection committee. The committee will select one Consultant with experience in accomplishing similar work for municipal clients.

The selection committee will use the following criteria for Consultant selection:

1. Consultant's general experience designing culvert replacement project for local government similar in size to Puyallup. (10 points)
2. List a minimum of three (3) previously (the last five years) completed culvert replacement projects, include the project team members, their assignments, and year the project was completed. The proposal document should list work experience specific to the Consultant's staff members who would work for the City on this project. (15 points)
3. Strength of references for the three previous culvert replacement projects. Each reference includes the owner, contact person's name, title, email, and telephone number. (5 points)
4. Experience and approach for conducting an alternatives analysis that make the Consultant uniquely qualified for this project. (10 points)
5. Consultant's experience with environmental planning and permitting processes (NEPA, SEPA, ESA, HPA, JAPRA, etc.), and archeological/cultural resources investigations and studies. (10 points)
6. Consultant's experience with City of Puyallup Engineering and Construction Standards, Stormwater Management Manual for Western Washington (SWMMWW), WSDOT Standard Specifications, City of Puyallup Municipal Code Title 21 (Environmental Code), and other applicable state, federal, or local guidelines. (10 points)
7. Proposed schedule, ability to meet the proposed schedule, obligate staff, and availability of proposed staff. Include the Consultant's ability to meet budget expectations by staying at or below agreed upon scope and fee. (10 points)
8. Basic knowledge, past experiences, and familiarity of the City. (10 points)
9. Identification of proposed team members for the City's project with an organizational chart and qualifications of the project manager and all key personnel proposed for this project. Identify similar projects which the proposed team members have jointly worked on. (15 points)
10. Ability to follow required RFQ submittal requirements, effective use of limited space, professional presentation, grammar, spelling, and is easy to follow and read. (5 points)

Failure to address Items 1 through 10

(100 possible points) in detail will be sufficient reason to eliminate a submittal from consideration.

Oral interviews may be added to the evaluation if deemed necessary by the City. Key team members are expected to be present, in-person, for interviews if selected.

Consultants must submit an electronic copy (PDF) of their Statements of Qualifications via email clearly titled, "Consultant Name - East Main Deer Creek Culvert Replacement SOQ." (Hard copy submission of Statement of Qualifications submitted to the Engineering Department at City of Puyallup, City Hall will not be accepted.) The Statement of Qualifications must be submitted to the City of Puyallup no later than 2:00 PM on June 23rd, 2025, to be considered. Submittals received after this date and time will automatically be rejected and will not receive further consideration by the City. To be considered, please submit qualifications to Kelton Parker using the following email: kparker@puyallupwa.gov

The email subject line shall be titled the following, "Consultant Name - East Main Deer Creek Culvert Replacement SOQ." For specific questions, please contact Kelton Parker at (253) 435-3649 or by email at kparker@puyallupwa.gov.

The City makes no commitment to any respondent to this request for Statements of Qualifications beyond consideration of the written response to this request. Preparation of materials in response to this RFQ are totally the responsibility of the consultant.

The City of Puyallup is an equal opportunity employer and encourages disadvantaged, minority, and women-owned consultant firms to respond.

The City reserves the right to retain the services of the successful Consultant(s) for any subsequent phases associated with this/these project(s).

Americans with Disabilities Act (ADA) Information

The City of Puyallup in accordance with Section 504 of the Rehabilitation Act (Section 504) and the Americans with Disabilities Act (ADA), commits to non-discrimination on the basis of disability, in all of its programs activities. This material can be made available in an alternate format by emailing Dan Vessels, Jr. at DVessels@PuyallupWA.gov or by calling (253) 435-3641.

Title VI Statement

The City, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises as defined at 49 CFR Part 26 will be afforded full opportunity to submit a proposal in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, or sex in consideration for an award. For more information on Title VI, contact Michelle Gehring at mgehring@puyallupwa.gov or at (253) 841-5579.

Therefore, all prospective consultants and vendors are advised that federally funded projects will be held to Federal EEO requirements, Title I and Title V of the American with Disabilities Act of 1990, and Title VII of the Civil Rights Act of 1964.

Project Location: 13423 74TH ST E (parent parcel: TPN 0420253063)
Brief Description: To construct an Industrial Park warehouse complex containing seven buildings with approximately 2.6 million square feet of warehouse space on approximately 164 acres of total development site area. Approximately 126 acres of the total site area would be developed into an Industrial Park; approximately 38 acres of land area would be set aside as undeveloped open space, critical area, and floodplain preservation.

EIS ALTERNATIVES: Three (3) development alternatives are considered in the FEIS: No Action, Proposed Action (full build) and Alternative 1 (Reduced Site Intensity).

The FEIS provides a detailed analysis of the potential impacts associated with each alternative and outlines mitigation measures to address these impacts. The FEIS also makes clear findings regarding Significant Unavoidable Adverse Impacts for each area of the environment studied.

This statement has been prepared and is being circulated in compliance with the Washington State Environmental Policy Act (SEPA) of 1971, Chapter 43.21C RCW. The intent of the FEIS is to address potential environmental impacts at the project level, analyzing the elements of the natural environment as well as the infrastructure in the project area.

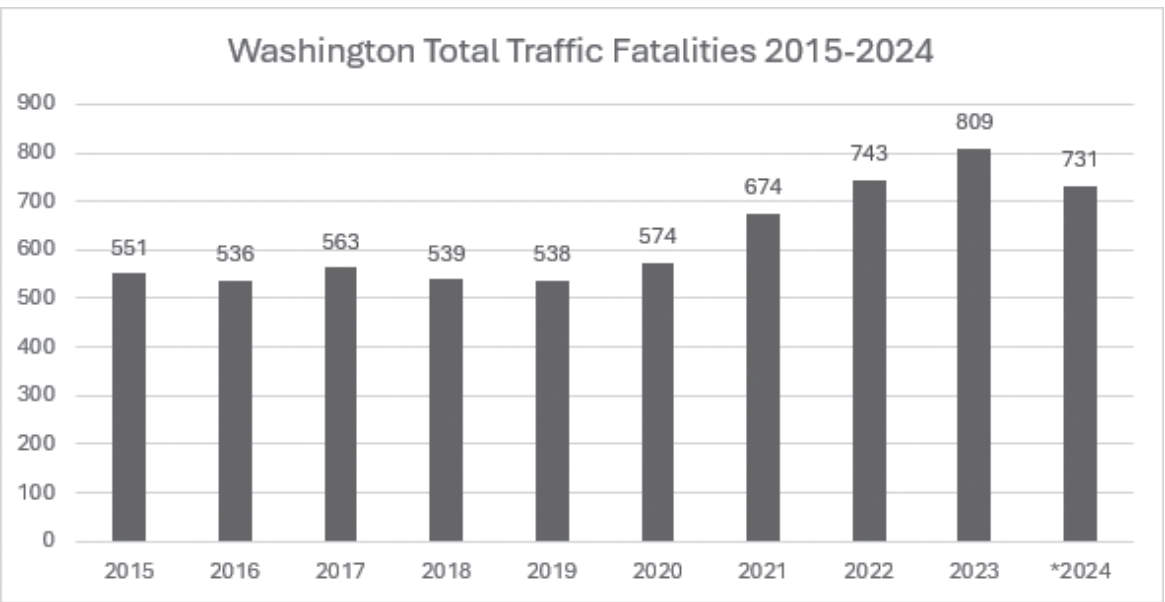

APPEALS: Consistent with SEPA rules, no agency with jurisdiction or the Lead Agency may take any actions on the Final EIS within 14 days from the date of issuance. There is no additional comment period with the FEIS. Any appeals to the adequacy of this FEIS must be filed within 14 days of issuance per PMC 21.04.205. Appeals must be submitted online via the City of Puyallup's permit portal at: <https://permits.puyallupwa.gov/Portal>.

For questions regarding submittal of an appeal request, please contact the City of Puyallup permit center at permitcenter@puyallupwa.gov or at (253) 864-4165 (option 1). The decision of the City's Development and Permitting Services (DPS) Department is final unless timely appealed to the City of Puyallup Hearing Examiner in accordance with Puyallup Municipal Code (PMC).

For any questions or clarification regarding the FEIS, or questions regarding how to file an appeal, please contact Chris Beale, Senior Planner, at (253) 841-5418 or via email at cbeale@puyallupwa.gov

Preliminary traffic fatality numbers for 2024 decrease from 2023

Staff Report

There were 731 people killed in traffic crashes on Washington roads in 2024, which was an 9.6 percent decrease from the prior year, according to preliminary data released by the Washington Traffic Safety Commission.1 At the same time, the preliminary total for 2024 is 36 percent higher than the number of people killed on Washington roads in 2019.

Traffic enforcement efforts have increased statewide, resulting in larger numbers of traffic stops for speeding, distraction, and suspected driver impairment. Enforcement fell dramatically during and immediately following the COVID-19 pandemic. Some cities have also increased their use of automated enforcement for speeding, particularly in school zones and in other areas where pedestrians travel.

A number of policies have been put in place in recent years to address the recent traffic safety crisis. Washington may be starting to see benefits from these actions in reduced fatalities on Washington roads.

“This is obviously a welcome change to see our annual fatality numbers decline after experiencing large increases over the previous four years. Law enforcement and other traffic safety partners have worked hard to reverse the deadly trend we experienced in 2020-2023. And we still have a lot of work to do to further reduce these historically high fatality numbers,” said Shelly Baldwin, director of the Washington Traffic Safety Commission.

Driver impairment by alcohol and/or other drugs remains the most common risk factor involved in fatal crashes. The initial total involving impaired driving was 348 traffic deaths, which represents 48 percent of all fatalities. This number often rises as additional evidence is processed and recorded in these cases. Final numbers will be released in late 2025 or early 2026.

Speed remains another major factor in fatal crashes, as excessive speed increases both the likelihood and severity of a crash. In 2024, 247 people were killed in crashes involving excessive speed, which represented 34 percent of all fatalities. There is a substantial overlap in crashes involving both speed and impaired driving. Among

fatalities involving excessive speed, 62 percent also involved an impaired driver.

Motorcyclist fatalities saw a substantial decline, by nearly 20 percent, to 113 fatalities in 2024. Notably, these fatalities involving a speeding motorcyclist fell nearly 21 percent.

Another particular bright spot was the decline in fatalities of people who were not wearing seat belts or using child passenger restraints. Fatalities involving unrestrained vehicle occupants fell 18 percent in 2024, compared to 2023.

A record number of pedestrians were killed in 2023. These numbers appear to have declined only slightly in 2024 to 155, compared to 160 pedestrians who were killed in 2023. Pedestrians, bicyclists, and motorcyclists are all more vulnerable in crashes with motor vehicles.

Distracted driver-involved fatalities increased in both 2023 and 2024, involving 136 and 138 deaths, respectively. This is a concerning change as these numbers had previously fallen to 90 in 2020, after Washington passed a distracted driving law in 2017. However, distracted driver-related fatalities are still fewer than the state experienced prior to the law change. Through its Target Zero efforts, the state is also focusing attention on land use planning and traffic designs which help ensure that people who walk, roll, and use transit have safe places to travel wherever they need to go. WSDOT and local jurisdictions are increasingly using roundabouts, which dramatically lower the number of fatal crashes at these intersections, and other engineering measures which calm vehicle speeds, increase visibility and separate road users in time and space.

“The bottom line is that four driver behaviors contribute to at least 75 percent of traffic fatalities annually: impaired driving, speeding, distracted driving, and failure to wear seat belts,” said Mark McKechnie, WTSC external relations director. “In order to make our roads safer, we should drive sober, at safe speeds, without distractions, and buckle up. And we should encourage those we care about to do the same.”

6 inches to secure the gold. Already the school record-holder, Carter made three attempts at 15-11 in an effort to break both his own mark and the 2A state meet record of 15-10, but came up short.

“Ethan as state champ is the most consistent and most coachable kid,” Olson said. “He’s earned everything. I couldn’t be prouder.”

Sophomore Adam Ames represented Eatonville in the boys discus and finished 19th overall with a

throw of 129 feet, 1 inch. Sophomore Rogue Pound also competed in the sprints but did not advance out of his heat to the finals, ending his meet earlier than hoped.

Still, Olson was full of praise for the entire group. “The four kids did amazing — I couldn’t be prouder of the team this year,” Olson said. “Four kids to state, three state champions. That’s special.”

The Cruisers wrap up the 2025 track and field season with a statement of excellence, and with Johnson returning for her senior year, the program’s momentum shows no signs of slowing.
