# Snohomish Chamber Volunteer Awards for 2022

**Social Media Rockstar**—This is a person who uses their social media presence to create positivity, elevate others, and create connections that benefit businesses and the community.

**2022 Social Media Rockstar: Mara Williams, Success Street Coaching**

Mara’s social media presence is just like Mara herself: steadfast, warm, and engaging; calm and inspiring. Her messaging is conveyed in a confident yet humble manner. She doesn’t lean on flash or gimmicks, but provides consistent, on brand wording and images that clearly define her business. Because Mara models doable, achievable ways to show up online, she encourages others to try as well.

**2022 Young Professional Award: Nathan Kelly, PureClean & PureDry**

Nathan Kelly is engaging, positive, and generous with his time and energy. Nathan intentionally places PureDry

restoration into community events and programs, many times by being present himself. He shares the work of his company in helpful and meaningful ways and leads first by example and then with words. His energy is contagious and inspiring. He elevates his team, gives credit to everyone who contributes to the success of PureDry, and encourages others to do the same. Skills like these are the mark of a professional as they demonstrate personal development and set the example for others to adopt the same leadership qualities.

**Community Service Award**—This is person or organization whose work greatly benefits the community

**2022 Community Service Award: Maygen Heatherington Historic Downtown Snohomish Association**

Maygen has done amazing things with Historic Downtown Snohomish Association in her first year in the Director role. The communication and collaboration with the

downtown businesses and the greater Snohomish community has been transformational. She is creating a broader understanding of the value and role that the Historic Downtown Snohomish Association serves through the promotion of Snohomish’s history, preservation, and culture. She is engaging with the community through new avenues such as the Snohomish Stories podcast. Maygen’s passion for the downtown business district and Snohomish enriches our community, making it welcoming to residents and visitors and helps ensure that our history is properly represented and shared with all generations.

**Chamber & Community Volunteer of the Year-**

This award goes to someone who has gone above and beyond to volunteer for the Chamber’s events and activities.

**2022 Volunteer of the Year: Andrew Urie, Chair, Kla Ha Ya Days Committee**

Andrew has worked tirelessly for the past five years as the leader of and a Champion of the Kla Ha Ya Days Festival as the committee Chair. After navigating through a canceled festival due to Covid, and then bringing it back and working through all of the post Covid festival requirements, Kla Ha Ya Days continues to flourish. ## Welcome to the Snohomish Chamber of Commerce

It's an exciting time to be part of Snohomish's Chamber of Commerce. Founded in 1956, the Chamber has been a resource for local businesses and the driving force of several community events and fundraisers for nearly 70 years, and it keeps getting better as we transform into the digital age of business. Still registered as a 501 (c) 6 nonprofit, the Snohomish Chamber of Commerce continues to serve local businesses while hosting community driven events.

The Snohomish Chamber of Commerce has seen significant growth in the last few years and is now comprised of over 200 members with more joining every month. The Chamber's governing board is comprised of business owners and individuals in the greater Snohomish community. They have been working to steer the Chamber into the future by expanding and improving our annual events and fundraisers,

increasing the value brought to our members in our monthly meetings and gatherings, and working to equip the Chamber and our membership with more modern business tools and understandings. And there are plans and initiatives to keep the momentum going.

Navigating to the Chamber's website, [www.snohomishchamber.org](http://www.snohomishchamber.org), you will find more information on our upcoming events and meetings, who our members are, more about the current board of directors, and of course a little more history of the Chamber itself. The Chamber has been going through significant growth, both in membership, and success of our annual community events and fundraisers in the last few years and it is no accident. Working as, and with, the community the Chamber has a proven track record of providing value through networking and

presentations at membership meetings, the introduction of topical workshops throughout the year, and ample event sponsorship opportunities reaching thousands of potential customers.

If you are with a business or a community member looking to get involved and would like to see for yourself the value the Chamber can bring, I invite you to attend one of our monthly member-to-member meetings held on the 3rd Tuesday of every month, browse the Chamber's Meta page, or even join the Chamber on our website. It's an exciting time to be part of the Chamber, so don't wait! Get involved today and be part of one of the organizations that help make Snohomish so great.

I have been honored to serve as President and am thrilled to see where our community is going.

All the best,  
Josh Siverson, President
